

## HEAVY DUTY NEUTRAL FLOOR CLEANER

SPECIALLY FORMULATED FOR DAILY MAINTENANCE AND DEEP SCRUBBING

*SC Johnson Professional*® Heavy Duty Neutral Floor Cleaner is a specially formulated cleaning concentrate for daily maintenance of high traffic floor surfaces and/or scrub/recoat applications. For use on a variety of flooring types such as vinyl composite, vinyl asphalt, vinyl asbestos, 100% sheet vinyl, terrazzo, rubber, linoleum, marble, granite, concrete and sealed wood floors.

For best results use along with *SC Johnson Professional*® Hyper Concentrate Floor Stripper and *SC Johnson Professional*® Multi-Surface Floor Finish Plus Sealer.

### HIGH PERFORMANCE AND EFFICIENCY

- Neutral pH formula is a high performance, high efficiency product that cleans without dulling and leaves no residue for excellent gloss retention - thereby achieving high levels of appearance with reduced maintenance frequency.

### COST CONTROL

- Portion dose packaging and hose end filler help control proper dilution rate assuring proper efficacy and cost control.
- Eliminates the need for multiple floor cleaning products due its powerful formula and wide range of use from daily cleaning to deep scrubbing.

### VERSATILE

- Powerful, super-concentrated formula can be diluted at 1:512 for daily cleaning and 1:256 for deep scrubbing before recoating.
- Super Concentrated HD Neutral Floor Cleaner works with multiple floor types and maintenance procedures from scrub & recoat to high speed burnishing.

## AVAILABLE PRODUCTS

PRODUCT CODE	PACKAGE SIZE DESCRIPTION	DILUTION RATES
680081	6 x 32 oz. (946mL) Squeeze & Pour	1:128 - 1:512

684502	2 x 2L (67 FL OZ) TruFill™	2 L of concentrate = Up to 271 in-use gallons
684501	2 x 2L (67 FL OZ) TruFill™ (plus 2 dispensers)	2 L of concentrate = Up to 271 in-use gallons

## USE INSTRUCTIONS

Place proper warning blockades around area to be cleaned.  
**(NOTE: Floors will be slippery when wet or contaminated with foreign materials. Promptly clean up spills and foreign materials.)**

**USE COLD WATER FOR ALL APPLICATIONS.**

**DUST MOP AREA PRIOR TO CLEANING TO REMOVE CONTAMINANTS.**

**DO NOT USE UNDILUTED:** Refer to dilution table for optimal product performance and productivity.

**STRING MOP APPLICATION:** Saturate string mop in diluted floor cleaner solution and apply to floor. Pick up soil and excess cleaner with tightly wrung-out string mop.

**AUTOMATIC SCRUBBER MACHINE:** Install proper pad to scrubbing machine, see dilution guide for pad options. While operating scrubbing machine, trail machine with mop to absorb excess cleaning solution.

**NOTE:** Allow floor to dry completely before applying new coats of *SC Johnson Professional*® Multi-Surface Floor Finish Plus Sealer.

**For Best Results: Do not use undiluted.** Refer to chart for proper dilution ratio depending on cleaning needs. Keep from freezing. Not intended for use on unsealed wood. Dispose of in accordance with all federal, state, and local applicable regulations.

**NOTE:** Floors will be slippery when wet or contaminated with foreign materials. Promptly clean up spills and foreign materials.

## SAFETY PRACTICES TO FOLLOW

It's good business practice to assure that your employees have read and understood the product labels and Safety Data Sheet before using this product. The label use directions and SDS contain important hazard warnings, precautionary statements and first aid procedures. This information is available on-line at [www.scjohnson-professional.com](http://www.scjohnson-professional.com) or by calling 800-294-3632. Wear personal protective equipment, chemical-resistant gloves and chemical splash goggles, when dispensing concentrates. Improper mixing or diluting of concentrate may damage surfaces and may result in physical harm to the user matching those of the concentrate.
